

PROFILE SUMMARY

Software developer with experience building Java-based and database-integrated applications. Strong foundation in object-oriented programming and backend fundamentals with exposure to Spring Boot and RESTful services.

TECHNICAL SKILLS

- **Programming languages:** Java, C
- **Database:** MySQL
- **Framework:** Spring Boot
- **Web:** HTML, CSS
- **Tools and Software:** IntelliJ, Eclipse IDE, VS Code, Git, GitHub, Postman

EXPERIENCE

Java Developer Intern | Pinnacle Labs | Aug 2025 - Sep 2025

- Developed Java-based applications implementing OOP principles and MySQL-driven CRUD operations.
- Designed and tested backend logic, ensuring data handling accuracy and structured database interaction.

Innovation Engineer Intern | Forge Innovation & Ventures | Jan 2025 - June 2025

- Built IoT-based real-time monitoring systems integrating sensors and embedded modules.
- Contributed to ROS-based quadruped simulation, hardware prototyping, and system integration.

PROJECTS

Full-Stack ECG Analysis System with Deep Learning Integration

- Developed a full-stack ECG analysis system using Spring Boot and integrated a 1D CNN model via Flask API.
- Built RESTful services for signal processing, prediction, and clinical interpretation.

Flight Booking System | Java

- Built OOP-based airline reservation system for managing flights, passengers, and seat management.
- Implemented booking validation logic with structured class design for maintainable workflow.

Library Management System | Java, MySQL

- Built database-driven system implementing CRUD operations and SQL joins using JDBC.
- Designed relational schema for managing books and member transactions.

EDUCATION

- **B.E. Electronics and Communication Engineering** - Government College of Engineering, Salem 2022 - 2026 | CGPA: 8.86
- **Higher Secondary** - Holy Angels' Girls Matric. Hr. Sec School, Salem-16.

CERTIFICATIONS

- **Java** - Core concepts, OOP principles
- **MySQL** - CRUD operations, SQL joins
- **HTML** - Semantic structuring of web pages
- **CSS** - Responsive layouts and styling
